Dear Prof. Watson

I think among
the botanical books I gave to the Herbarium,
was ["]Darlington's *Florida botanica*["].
I suppose you already have a copy
in the library of the Herbarium, would
it be against your rules to transfer ^{mine} ~~that~~
to Mr. Kenney of West. Chester who will
enclose this note to you & tell you why
he desires to obtain a copy.

Very truly yours

Isabella James.
